

SUPER MINI CLEANER (BATTERY)

Flexible, Efficient, Mobile, & Eco-Friendly

The Picote Mini Cleaner was specially designed for plumbers working in smaller diameter pipes. Thanks to its highly flexible 1/3" shaft, working in 1¼-3" pipes is extremely easy, even those with multiple 90° bends and p-traps as small as 2".

While the new Battery Super Mini Cleaner does run off a long-lasting battery, it's much more than just a battery-powered version of its predecessor. It is loaded with new features like an electronic clutch, stepless speed control, and a dedicated motor to make it even more powerful, mobile, & eco-friendly.

USES AND BENEFITS

- **Flexible:** Navigates 90°s and even 2" P-traps.
- **High Speed/High Torque:** 550-2200 rpm.
- **Dedicated Motor:** Optimized for increased power matched with better clutch engagement precision to create perfectly balanced performance.
- **Stepless Speed Control:** Seamless speed adjustment whether you need raw power for stubborn blockages or finesse for delicate operations, control is at your fingertips.
- **Electronic Clutch:** Safety meets convenience with the electronic safety clutch. Automatically disengages the drive if you encounter resistance beyond its set limit. It's not just about preventing damage; it's about giving you peace of mind.
- **What does the Battery Give You?**
 - **Mobility:** Liberates you from the constraints of power cords, giving you the freedom to work in remote or hard-to-reach locations.
 - **Efficiency:** No more time wasted searching for power outlets or running extension cords. Just efficient uninterrupted work for 3+ hours.
 - **Safety:** By eliminating the need for power cords, there is less risk of trips and falls.
 - Conveniently charge battery even during use.
- +C Camera version or upgrade available.

Technical Specifications	
Pipe Size Ranges	
Cleaning	1¼-3"
Cutting	1¼-3"
Coating	1¼-3"
Shaft	
Usable Length	50'
Shaft Size	1/3"
Casing Type	Flexible
Speed (RPM)	550-2200 (stepless speed control)
Power	US/UK: 120/110V, 15 Amp
Weight	73 lbs w/o battery
Battery Weight	Standard: 7.7 lbs High Output: 9.0 lbs
Size	29x20x16"
Safety	Protective outer shaft casing, operator presence foot control, electric clutch, & E-stop.

* High Output Battery upgrade sold separately.

** Includes small diameter 1.25-1.5" cutting or cleaning package.
